**REFERENCES:**

- Title 21 CFR 1301.74(b)

This section defines the following obligations of a registrant. The registrant shall design and operate a system to disclose to the registrant suspicious orders of controlled substances. The registrant shall inform the Field Division Office of the Administration in his area of suspicious orders when discovered by the registrant. Suspicious orders include orders of unusual size, orders deviating substantially from a normal pattern, and orders of unusual frequency

**OVERVIEW:**

The Drug Enforcement Administration (DEA) requires that registrants take reasonable measures to identify their customers, understand the normal and expected transactions typically conducted by those customers, and, consequently identify those transactions that are suspicious in nature

The Procedure for Identification and Review of Peculiar Orders, Suspicious Order Monitoring Program, is designed for compliance by documenting methods used to:
